## What we are doing

We will start works over the coming months to prepare the Ruislip Golf Course for redevelopment.

Our works will include:

- Setting up security fencing and hoarding
- Archaeology works
- Ecological mitigation works
- U44 footpath diversion
- Ground investigation

During these works, public access points to the Golf course will be clearly marked along the area and notice boards will be installed to help keep the public informed.

We will continue to monitor noise, dust and vibration throughout our works to ensure that we have adequate measures in place to minimise disruption.

Please see the following pages for more information about locations and the works we will be carrying out over the next few months.
