

Notice of overnight works, A418, Oxford Road

June 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. The health and safety of our workforce and the communities we work within is our priority. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

In the Spring, we carried out drainage works on the A418 Oxford Road. A camera was used to investigate and survey the condition of the drainage system. During these works it was discovered that there was a blockage in the local drain network.

In order to effectively clear this blockage, strong jet washing will be used to flush the local drain system. We apologise in advance as these works are likely to be noisy.

Our works will be carried out under traffic management, in the form of a lane closure with multi-phase traffic lights, to minimise the inconvenience to road users, this traffic management will only be introduced overnight.

When will these works take place?

The A418 Oxford Road will have temporary traffic management in the form of a lane closure with multi-phase traffic lights overnight on Friday 8 July 2022, from 10.00pm to 5.00am.

This date may be subject to change, is dependent on weather conditions, ground conditions and other factors outside of our control.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Where will the works take place?

The map below, shows the section of the A418 that will have traffic management.

Traffic equipment may remain in place on the roadside when lane or road closures are not operational to allow for reduced set up time and minimise delays.

There may be a short duration outside of the advertised times to allow for our traffic management crews to set-up or take-down road signage and traffic equipment. Lane closures will not be operational during these times, however you may see our crews setting up within the highway.
