

# Notice of M40 Junction 11 new traffic signal installation

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. Further to the Covid-19 restrictions being relaxed we are now beginning to plan for future face-to-face engagement events and meetings. Whilst we continue to move forward, we will still continue to communicate with communities via letters, online meetings and phone calls. You can sign up for regular updates in your local area at [www.hs2.org.uk/in-your-area](http://www.hs2.org.uk/in-your-area)

## What are we doing?

To enable us to safely complete the installation of road surface 'loops' for the new traffic signals to the motorway slip lanes and 'A' road approaches on the M40 junction 11 southbound exit. It is necessary for us to close the M40 at junction 11 southbound exit overnight between the **hours of 20.00hrs to 05.00hrs**.

Works are estimated to take one night to complete but are weather dependent. Due to possible weather influence a one-week period has been allocated to the work between the **02 July to 09 July 2022 (inclusive of weekends)**

The night-time closure will require drivers wishing to exit southbound at junction 11, to continue on the M40 to junction 10, and use the diversion to re-join the M40 heading northbound and exit junction 11 on the northbound side. Please see enclosed map for details.

## How will this affect me?

You may need to allow more time when you plan your journey. The diversion route will be clearly sign posted with advance warning signs. Please see below.
