

Notice of Public Right of Way closures, Radstone, Halse and Greatworth

June 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions about these works, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2innorthants.co.uk.

What are we doing?

As part of our preparatory works and for the safety of the public, we have closed some Public Rights of Way (PRoWs) in the area between Radstone, Halse and Greatworth.

These closures are required to support the construction of our internal site access road as well as our bulk earthworks and excavations.

Where possible, we only close a section of a PRoW. However, there may be instances where we will need to close the entire length. PRoWs which are located close to or that cross the construction sites, must be closed and diverted. This is in the interest of safety for all users of these PRoWs.

Our team have looked at a number of ways in which diversions could be introduced. However, due to reasons of safety as well as the programme of works, it is not possible because the PRoWs cross the HS2 line of route.

The following PRoWs are affected:

- AX-5, will be closing in June 2023 and a local diversion will be signposted.
- AX-7, closed in June 2022.
- AX-19, closed in June 2022.
- AN-19, closed in June 2022.
- AN-28, closed in June 2022.

The following bridleways are also affected:

- AN-37 closed in June 2022.
- AN-18, will be closing in June 2023 and a local diversion will be signposted.

When will these works take place?

The closure of the PRoWs commenced from Monday 20 June 2022. Closure notices for these PRoWs will be signposted. These PRoWs are expected to be reopened in January 2025.
