

Update notice of Crossrail Depot and utility protection slab works on Old Oak Common Lane

June 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

Vegetation removal

We previously notified you of work to the substation relocation and the fence replacement on Old Oak Common Lane. We are writing to update you on these works.

Works have started on the fence installation and we have begun to clear the vegetation in the area. This is to prepare the area for the construction of Old Oak Common Station, as part of our ongoing works. This work will take place during our core working hours, and will be complete before the end of June.

Substation relocation and Crossrail Depot fence works

Since May we have been working towards moving an old substation, which is located opposite Kildun Court, further up Old Oak Common Lane near the Crossrail Depot. The area is shown on the map on page 2.

This work requires a single lane road closure so excavation and piling can take place. The single lane road closure will start by Kildun Court and move up towards the Crossrail Depot as the works progress. Work includes rerouting the substation cables and replacing the fence by the Crossrail Depot. To support the work, we will be using large machinery and a crane. Lorries will be used to take away the excavated material.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Notification

Duration of works

Work started in May 2022. Will continue until January 2023 between 8am and 6pm Monday to Friday and 8am and 1pm on Saturdays.

What to expect

Large machinery and a crane will be used as part of this work activity. We will be using lorries to take away excavated material.

What we will do

We will use best practicable means to minimise any impact on our site neighbours by using noise barriers.

Traffic management will be in place.

Noisy works will only take place between 9am and 5pm.

Notice of Crossrail Depot and utility protection slab works on Old Oak Common Lane

www.hs2.org.uk

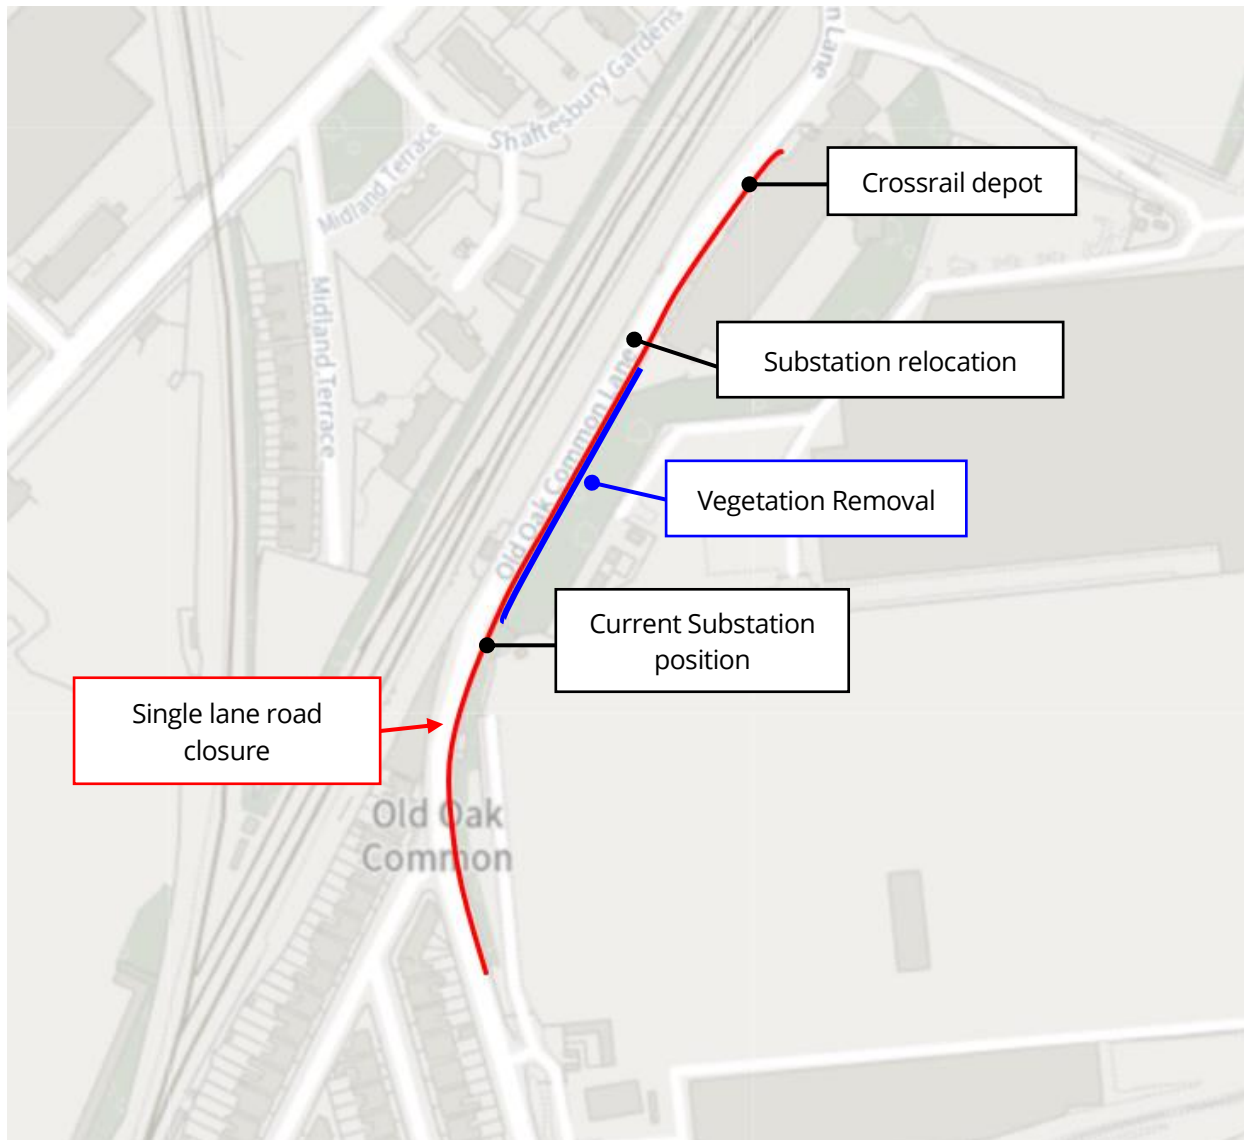

Notification

These works are required to take place to prepare the area around Old Oak Common Station for future works. The safe relocation of the substation and associated underground services that will be diverted will allow future tunnelling works to take place at the site.

The work will take place up until January 2023, from 8am until 6pm Monday to Friday, 8am until 1pm on Saturdays. All noisy works will take place between 9am and 5pm to minimise impact on our site neighbours

Contact our HS2 Helpdesk team

Our team is here to listen and respond to your enquiry, complaint or feedback to help us be a good neighbour.

You can contact our Helpdesk team all day, every day of the year on:

Freephone: **08081 434 434**

Minicom: **08081 456 472**

Email: hs2enquiries@hs2.org.uk

Keep up-to-date with your local community website

To find out more about what's happening in your area and receive regular email updates, you can sign up to our local community websites at: www.hs2inyourarea.co.uk.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation

You can find out about HS2 and properties along the route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you can claim compensation at:

www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting the HS2 Helpdesk. For more details on our complaints process, please visit:
