

Road closure on Park Village East north – 27 June

June 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

As we reintroduce face to face engagement, which is in addition to the ongoing virtual engagement, we will continue to follow government guidance on reducing the spread of Covid-19. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic.

Road closure for maintenance to lay-by – 27 June

On Monday 27 June, we will temporarily close the road at the northern end of Park Village East while we amend the hoarding for the lay-by and install safety and security signage. We will install the traffic management at 8am and remove it once the works are finished. We expect these works to take about half a day to complete.

Vehicles will not be able to access Park Village East via Parkway junction while the road is closed and will instead be diverted via Albany Street, Robert Street and Stanhope Street or via Arlington Road, Delancey Street, Albert Street and Mornington Street.

We will maintain access for businesses and residents to the northern end of Park Village East via Mornington Street bridge and Park Village East south. A traffic marshal will be onsite during working hours to assist resident vehicles passing the worksite.

Vehicles may be delayed for a few minutes while we clear the road to allow them to pass. We apologise for any inconvenience this may cause.

We will continue to carry out works to the lay-by, as we begin to test and operate it.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
