

Updated Notice of demolition on Duddeston Mill Road

June 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

Demolition of retaining wall and monitor installation

We previously notified you that as we continue our preparation for the construction of the new HS2 viaduct in your area we will need to demolish a wall near to the existing bridge on Duddeston Mill Road. We will also need to install monitors on the bridge and wall on Duddeston Mill Road to monitor their structural integrity as we complete the work.

We still plan to install the monitors on the structures from Monday 20 June until Friday 24 June. We also still plan to carry out the demolition work from 11.00pm on Saturday 25 June however this work will continue until 10.00am on Sunday 26 June rather than 8.10am as previously stated.

Temporary lights

To enable us to carry out these works safely and effectively, we will need to put in place the following traffic management:

Monday 20 June – Friday 24 June - two-way temporary traffic lights along a section of Duddeston Mill Road. These will be operational from 9.30am to 3.30pm on Monday 20 June to Friday 24 June. The Southern footway will also remain closed during these works, but access will be maintained on the Northern footway.

Saturday 25 June – Sunday 26 June – two-way temporary traffic lights along a section of Duddeston Mill operational from 11.00pm on Saturday to 10.00am on Sunday.

Access to businesses and properties will be maintained throughout.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

How we will manage the work

To complete the demolition work we will use a concrete breaker to knock down the wall. As we carry out this activity you may experience some noise and vibration. We will however continue to monitor our noise levels as we carry out the work. We do not expect this work to generate high levels of dust, but we will use water jets to suppress any dust associated with the work.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation
