

Update on utility works at High Road and Ickenham Road

June 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

As we reintroduce face to face engagement, which is in addition to the ongoing virtual engagement, we will continue to follow government guidance on reducing the spread of Covid-19. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic.

What we are doing

We wrote to you recently to let you know that that we would be starting the final phase of the main utility relocation works, near West Ruislip train station. We wanted to complete these works by 30 June, however we will require additional time to complete some repairs on the kerb near the entrance to West Ruislip Portal site from 30 June to 3 July 2022.

The traffic management will be changed on Sunday 3 July to allow us to reinstate the central reservation and pedestrian crossing.

We will then start the final phase from 4 July to 12 August 2022.

During this phase the footpath will be reopened on both sides of the bridge along High Road and Ickenham Road.

We would like to apologise in advance for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
