

# Update: utility surveys in your local area

July 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We continue to follow government guidance on reducing the spread of Covid-19. The health and safety of our workforce and the communities we work in is our priority. Please contact the Helpdesk if you have any questions relating to our response to the Covid-19 pandemic.

## Update on ground investigations in your area

We recently wrote to you in June 2022 about carrying out a series of ground investigations at the junction of Greville Road with Kilburn High Road.

The works have now been extended and we will be carrying out additional utility surveys until 12 August 2022 between 8am to 6pm Monday to Friday and 8am to 1pm, Saturdays.

We will use noise reducing barriers where possible to help minimise any noise disruption to the local community, working as efficiently as possible whilst keeping our work areas safe and tidy.

The ground investigations will consist of digging a temporary trench to confirm the location of utilities under the surface of the footpath. The surveys will help us to understand and aid the design of the new railway and the best ways to protect or divert any utilities during construction.

## How might this effect you

To ensure the safety of the public and our staff, the temporary changes will remain in place at the junction of Greville Road with Kilburn High Road.

A lane closure with two-way traffic lights will remain in place on Kilburn High Road with a full road closure on the junction of Greville Road with Kilburn High Road. A clearly signed diversion route for vehicles and pedestrians is in place.

You can view our previous notification about these works [here](#)
