

## Notice for temporary traffic management on Dalehouse Lane for emergency vegetation clearance

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

### The work we will be completing

Urgent works are required to clear vegetation for reasons of safety, due to visibility issues. To complete these works safely we need to install two-way temporary traffic lights in Dalehouse Lane on **Friday 8 July**.

**The lights will be in place between 9.30am and 3.30pm.** Our workforce may be on site one before and one hour after to set up and secure our equipment.

Whilst the temporary traffic lights are in operation, the plant crossing on Dalehouse Lane will be stood down. **Once the emergency works are complete the plant crossing will be in operation once more.**

Access to property will not be affected.

### HS2 during the Coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus.

The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority.

Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**
