

Notice of daytime road closures, Boddington and Wormleighton

July 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. The health and safety of our workforce and the communities we work within is our priority. You can sign up for regular updates in your local area at www.hs2innorthants.co.uk.

What are we doing?

In preparation for the construction of Banbury Road Overbridge, we need to accurately identify the existing utilities that are located under Banbury Road, Warwick Road and Wormleighton Road.

In order to identify these utilities, we will be carrying out trial hole surveys, as well as ground penetrating radar. The trial hole surveys involve drilling small inspection holes into the highway or verge, to identify the exact depth and condition of utility pipes and cables. The holes are then immediately backfilled once all details are recorded. As these surveys involve our workforce working on the highway, some temporary, daytime road closures will be required. Traffic lights or lane closures are not possible in these locations due to the narrow road width.

To help minimise disruption and maintain access for local communities, we will be conducting these works in three phases. This allows us to provide shorter diversion routes and reduces the overall impact on road users. The closures will be daytime, between 8am – 6pm, however this is the maximum daily period and wherever possible we will open the road earlier. We will also endeavour to reduce the number of days requiring closures if the inspection and survey work progresses smoothly.

When will these works take place?

Phase 1 – A section of Banbury Road will be fully closed from 8.00am to 6.00pm, Monday 1 August to Friday 5 August 2022.

Phase 2 – A section of Warwick Road will be fully closed from 8.00am to 6.00pm, Monday 8 August to Friday 12 August 2022.

Phase 3 – A section of Wormleighton Road will be fully closed from 8.00am to 6.00pm, Monday 15 August to Friday 19 August.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
