

Notice of work traffic management, A413 Wendover

July 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. As we reintroduce face to face engagement, which is in addition to the ongoing virtual engagement, we will continue to follow government guidance on reducing the spread of Covid-19. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

In preparation for the main construction works of the Small Dean Viaduct we will have temporary traffic management on a section of the A413 London Road, between the Small Dean roundabout and Rocky Lane.

In order to build the Small Dean Viaduct, we will be temporarily realigning a section of the A413. To facilitate this realignment, we will be carrying out further overnight works adjacent to the Chiltern Railway line throughout September 2022 as well as utility diversion works in October 2022. These works are still in the planning phase but will include overnight and full weekend closures of the A413 London Road.

The temporary re-alignment of the A413 is expected to be operational in early 2023 and the Small Dean Viaduct is expected to be completed in late 2024.

When will these works take place?

A section of the A413 will have traffic management in the form of a lane closure and two-way traffic lights, 9.00am to 3.00pm, from Monday 15 August to Friday 2 September 2022.

These dates may be subject to change due to circumstances outside of our control, such as weather.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
