

# Notice of surveys on the A51 in Great Haywood

July 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Kier is carrying out surveys and investigating ground conditions along the Phase 2a route.

## What we are doing

We will be carrying out topographical surveys to help us establish the levels of the current carriageway ahead and inform future construction design. These surveys are non-intrusive and will record the locations and size of features such as hedges, grid covers, kerbs, road layout and road markings.

For the safety of both motorists and our workforce, we will put temporary traffic lights along the A51 between Main Road and Hoomill Lane.

## When will the work take place?

This work will take place from Tuesday 26 July to Friday 29 July 2022. We will be working from 8am to 4pm. Please note that all our planned roadworks may be subject to change due to weather conditions or unforeseen circumstances.

## Covid-19

We are working in line with Government and Public Health England (PHE) advice on working safely during the pandemic. For all events and engagement, we will carry out a risk assessment and put in place control measures to manage the risk of Covid-19 to the public and our staff. If you have any questions about this, please contact our Helpdesk to find out more. The health and safety of our workforce and the communities we affect is our key priority.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## How will this affect your journey

We will carry out the topographical survey work using handheld equipment and tripods. To complete the surveys safely, we will need to put temporary traffic lights in place. The set up will differ on each day as we move along the road and maybe 2-way lights or 3-way lights, depending on location. We recognise that that this can be frustrating, but this is the least disruptive way of completing our survey work. We will put traffic lights in place from 8am to 4pm.

## How we will minimise disruption

We will undertake the work using temporary traffic lights instead of fully closing the road. We will also be working during off-peak hours, 8am to 4pm. The nature of the work itself is non-intrusive, meaning there should be no noise for nearby properties. We will maintain access for any properties that fall within the traffic management set up.

## About our Community and Business Funds

Two funds are now open for applications from local communities and businesses affected by the construction of HS2. They are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF). £5 million has been allocated to the funds for phase 2a of the railway.

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

## The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at [www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: [residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: [complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)
