

Notice of traffic management Rugby Road, Cubbington

August 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

Owing to several utilities needing to be moved across Rugby Road, we need to control the traffic in this area. To carry out this work safely the traffic will be controlled in two phases.

When will these works be taking place?

Phase one: Will require two-way temporary traffic lights in place 24 hours a day seven days a week, operating for 12 weeks, from Monday 19 September 2022 to Friday 9 December 2022. (Please see map one).

Phase two: Will require a full road closure 24 hours a day seven days a week from Monday 9 January 2023 to Friday 20 January 2023. A full diversion will be in place during this time. (Please see map two).

Access to all properties will be maintained throughout.

Our working hours will be from 8am to 6pm Monday to Friday. Some Saturday working may be required from 8am to 1pm.

Our workforce maybe on site one hour before and one hour after to set up and secure our equipment.

COVID-19

We are continually reviewing the works on our construction sites in line with the Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
