

Notice of environmental works and temporary closure at Casey Lane, Weston

August 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty and its appointed subcontractors are working on behalf of HS2 Ltd to carry out early environmental works between Lichfield and Crewe.

What we are doing

As part of our early environmental works, we will establish critical environmental and species relocation sites creating new habitats for local wildlife before any main work starts.

We will be creating various ecological habitats on land off Casey Lane. Once complete, the habitats will be ready to receive sensitive species like Great Crested Newts from other sites.

Before we start to construct the habitat areas, we need to excavate some archaeological trial trenches. These are to help us understand if there are any archaeological features or natural geological deposits that we need to be aware of before we start any other work. We will use a mechanical excavator to dig the trenches. To get this excavator in and out of the site safely, we need to temporarily close a small section of Casey Lane for 15 minutes.

When the work will take place

We will put the temporary closures in place on **Monday 5 September**, they will only be in place for 15 minutes at some point during the day. We will carry out all the other work during the day from 9am to 5pm, Monday to Friday.

The timeline for the remaining works is shown below:

- Grassland creation – September '22 to October '22
- Woodland planting – September '22 to October '22
- Demobilisation – early-November '22

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

What to expect

The temporary 15-minute closures will be located on a small section of Casey Lane, shown in blue below. There may be some low-level noise while we carry out this work and journeys may take longer than usual while the lights are in place. The map below shows where we will be working.

Covid-19

We are working in line with Government and Public Health England (PHE) advice on working safely during the pandemic. For all events and engagement, we will carry out a risk assessment and put in place control measures to manage the risk of Covid-19 to the public and our staff. If you have any questions about this, please contact our Helpdesk at find out more. The health and safety of our workforce and communities we affect is our key priority.

About our Community and Business Funds

Two funds are now open for applications from local communities and businesses affected by the construction of HS2. They are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF). £5 million has been allocated to the funds for phase 2a of the railway.

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk
