

Notice of utility works on Carr Road and Cherry Gardens

August 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. As part of the construction, Skanska Costain STRABAG Joint Venture (SCSJV) are continuing the construction works on behalf of HS2 Ltd within the Brent and Ealing area.

You can sign up for regular updates in your local area at www.hs2inbrentandealing.co.uk

What we are doing

From 12 September 2022 to 10 January 2023, we will be carrying out the main sewer protection works of relining the foul and surface sewer network in Carr Road. We will replace and reinstate maintenance covers at the allotments on Carr Road and Cherry Gardens from 24 to 28 October 2022. These works will be done in phases.

Phase one: Temporary 24-hour over pumping system to transfer water and control the sewage flow to ensure your utility services are uninterrupted during construction.

Phase two: Cover the sewer lining in Cherry Gardens to complete the main utility protection works.

You may hear additional noise during these works. We will use noise reducing barriers to surround the work areas when noisy activities are in progress to provide noise mitigation. We will set up a site compound at the end of the allotment and install fencing to segregate our work area.

See map overleaf for the location of our works and welfare unit.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

How these works might affect you

During the first phase of works there will be temporary traffic management in place at the entrance of the allotments on Carr Road. There will be a lane closure with a two-way traffic light and footpath diversion in place, which will be clearly signposted. This is to facilitate works taking place on the footpath and to allow for deliveries into the site compound.

The works in Cherry Gardens for the second phase will require a two-way temporary traffic light to carry out the main sewer protection works which will remain until we complete the works. Once works are complete, we will remove the traffic management.

We would like to apologise in advance for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
