

Notice of sheet piling works – Duddeston Mill Road

July 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

Installation of sheet piles

As we start construction of the new Duddeston Mill Road Underbridge, we will need to install sheet piles into the ground to create the foundations for the piers of the bridge.

This new 21.5-meter bridge will carry two Network Rail lines over Duddeston Mill Road. These two lines are currently located on the existing Duddeston Mill bridge but will need to be removed to make space for the pier of the new Duddeston Junction Viaduct which will carry the HS2 line.

We plan to carry out these sheet piling works during a mixture of weekday activity and weekend possessions of the Network Rail line starting from Saturday 13 August and ongoing until Sunday 2 October.

Managing our impacts

We plan to use vibration to drive the sheet piles into the ground, this will help us to reduce our noise impacts. If, however the ground is more resistant than expected we may need to switch at short notice to driving the sheet piles into the ground using a piling hammer. We will however continue to monitor our noise and vibration levels throughout these works.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk
