## **Updated notice of night-time working on Aston Church Road - utility works**

October 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

### Ongoing utility diversion works at Aston Church Road

We previously told you that we need to carry out a utility diversion to Western Power Distribution's (WPD) high voltage (HV) cables on Aston Church Road to facilitate the construction of the Aston Church Road Overbridge foundations. We now expect this work to be completed by **14 November 2022.** 

We are extending this work to combine it with our utility trial hole survey programme. This will help us cause less disruption to communities by combining our road closures. The survey programme will start on **Monday 24 October**.

### What to expect

To allow us to work safely there will be traffic management in place to close the south footway along with a lane narrowing on Aston Church Road. We will also need to put in place a road closures along a section of Aston Church Road as well as a two-night closure at the junction of Chartist Road and Aston Church Road.

The closures will be in place between the following dates and times.

- Monday 24 October Friday 28 October 24 hours a day
- Monday 31 October Monday 14 November, 9pm 6am
- Wednesday 2 November Thursday 3 November, 9pm -6am (Chartist Road)

During this work you may hear low levels of construction noise and feel low levels of vibration as we break the concrete to access the cables. You may also see deliveries of materials and equipment.

We will monitor and control the levels of disruption during our construction and keep this to a minimum.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

### **About our Community and Business Funds**

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: https://www.groundwork.org.uk/hs2funds

### **Keeping you informed**

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

### **Residents' Charter and Commissioner**

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2residents-charter
