

# Update: Adelaide Road Ground Anchors

September 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## Installation of Ground Anchors

As part of our works to prepare for the construction of the ventilation shaft, we wrote to you earlier this year about the installation of ground anchors at our Adelaide Road site.

The installation dates have changed, and work will now start on **30 September 2022 and last for up to seven months.**

Ground Anchors are lightweight, corrosive resistant rods or cables installed into the ground to hold, restrain, and support buildings, civil engineering works and other structures

The installation of Ground Anchors on our Adelaide Road site will pass beneath the footway, road, and properties from the Network Rail embankment area; the northern side of Adelaide Road; the eastern side of the Nature Reserve.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**
