

Notice of M42 M6 eastbound link road and M42 southbound traffic management, near Coleshill

September 2022 | www.hs2.org.uk

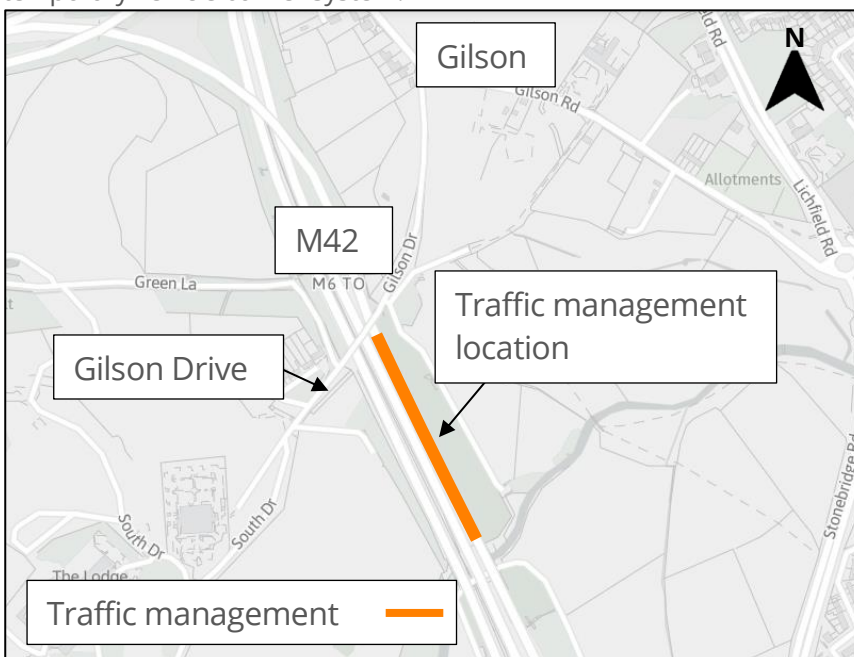

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be completing

We will be installing traffic management on both the M42 southbound and M42 M6 link road eastbound from Monday 10 October.

The traffic management along the M42 will be a hard shoulder closure along a short section of the southbound carriageway. **(See location of traffic management on map below)**. This traffic management will be in place **24 hours a day from Monday 10 October until Friday 31 March**. This will allow us to safely remove the embankment adjacent to the highway for the future M42 Coleshill Box Structure, that spans across the M42.

The traffic management along the M42 M6 link road will be an overnight eastbound closure. There will be a diversion route in place as part of this overnight closure. **(See location of closure and diversion on page 2)**. This closure will be in place for one night on **Monday 10 October, from 9.00pm until 5.00am**. This will allow us to safely install of temporary vehicle barrier system.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
