

## Notice of M42 M6 westbound link road overnight closures on 21 and 22 November

October 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

### The work we will be completing

We previously sent out a notification outlining overnight closures along the M42 M6 link road westbound on Monday 3 October, Monday 31 October and Thursday 24 November. This was to complete drainage works. Due to unforeseen circumstances, we will now not close the M42 M6 link road westbound on Monday 31 October.

However, to continue our works for the M42 M6 Link Viaduct, we will install two additional nights of closures along the M42 M6 link road westbound. These closures will enable us to safely switch our existing traffic management from a lane 1 closure to a lane 2 closure. The two nights of closures will be Monday 21 November and Tuesday 22 November, from 9.00pm until 5.00am, each night. This work is subject to consent.

Throughout the road closure, a clear diversion route will be installed along the M42 southbound to junction 6, where road users will be able to take a U-turn to re-join the M42 northbound and exit at M42 junction 7 to join the M6 northbound (see on map on page 2).

Our contractors may be on site up to an hour before and after these times to set up and close down the site.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
