## Notice of UKPN Construction Works

September 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

### What are we doing?

In order to prepare for the future railway, UK Power Networks (UKPN) need to carry out intrusive surveys (trial holes) at the Willesden Euro-terminal (WET) site and adjacent National Railway site.

UKPN will be carrying out these surveys in order to enable completion of design. All relevant consents/site access from associated stakeholders/landowners will have been obtained prior to the commencement of work.

UKPN will be working on Monday 10 and Friday 14 of October.

### How will this impact you?

UKPN will be working in the area highlighted on the map on page 2.

UKPN has a responsibility for delivering electricity services to homes and businesses across the region and will ensure that the impact of any work is kept to a minimum. There will be no impact to your electricity supply.
