

Notice of road closure programme update, Quainton

September 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. All sites will remain under constant review. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

In late September, we will be carrying out some utility works and localised vegetation clearance on Station Road South. Due to the nature of these works being in close proximity to the road, these works will require a full 24-hour road closure for approximately 3 days.

These works will be south of the Buckinghamshire Railway Centre, residents and road user access will be through Quainton village as well as via our diversion route detailed in this notice.

When will these works take place?

A section of Station Road will be fully closed 24-hours a day, from the cross road to our site entrance, from 28 September to 30 September 2022.

There will be no through access for the public. Once these works are complete, the closure of Station Road North from the bridge to the crossroads is due to recommence.

These dates may change due to conditions outside of our control. Please refer to the HS2 website regularly to check for any changes and updates.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
