

Notice of abnormal load trial and delivery, AA

November 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

Throughout 2022, our teams will be moving into our main construction phases for the various bridges and the viaduct that will be built in the Aylesbury and Fleet Marsden areas.

In an effort to reduce our impact on the local area as well as the amount of work on-site, many aspects of these bridges and the viaduct is being created offsite.

In preparation for the main construction phase of the A41 realignment, we will soon begin receiving deliveries of precast concrete beams. Some of these beams will be 30m in length and therefore will be classed as abnormal loads.

To safely deliver the concrete beams, we will be carrying out a trial run in November 2022. This will allow us to continue to develop the best delivery method. The Abnormal load delivery routes, which are set by the hauliers and police, are the same as our usual route to this site, from the M40 and along the A41.

For the safety of road users and our staff, these abnormal loads will require temporary traffic management to complete their journey to our sites. This traffic management will

When will these works take place?

The first trial run for the beams of the A41 overbridge will take place off peak from Tuesday 22 November from 8pm.

The delivery of the A41 overbridge is due to take place off peak from 5 December from 8pm.

These dates may change due to conditions outside of our control. Please refer to the HS2 website regularly to check for any changes and updates.

Wherever possible, we will minimise the impact on highway users by coordinating deliveries to avoid peak times.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

This delivery trial will take place Tuesday 22 November 2022.

The delivery of the A41 overbridge is estimated to take place off-peak from Monday 5 December from 8pm.

What to expect

Off-peak traffic management for a delivery trial of concrete beams.

We will continue to receive deliveries of precast segments until 2025.

What we will do

Minimise disruption as much as possible for the community by careful timing of deliveries.

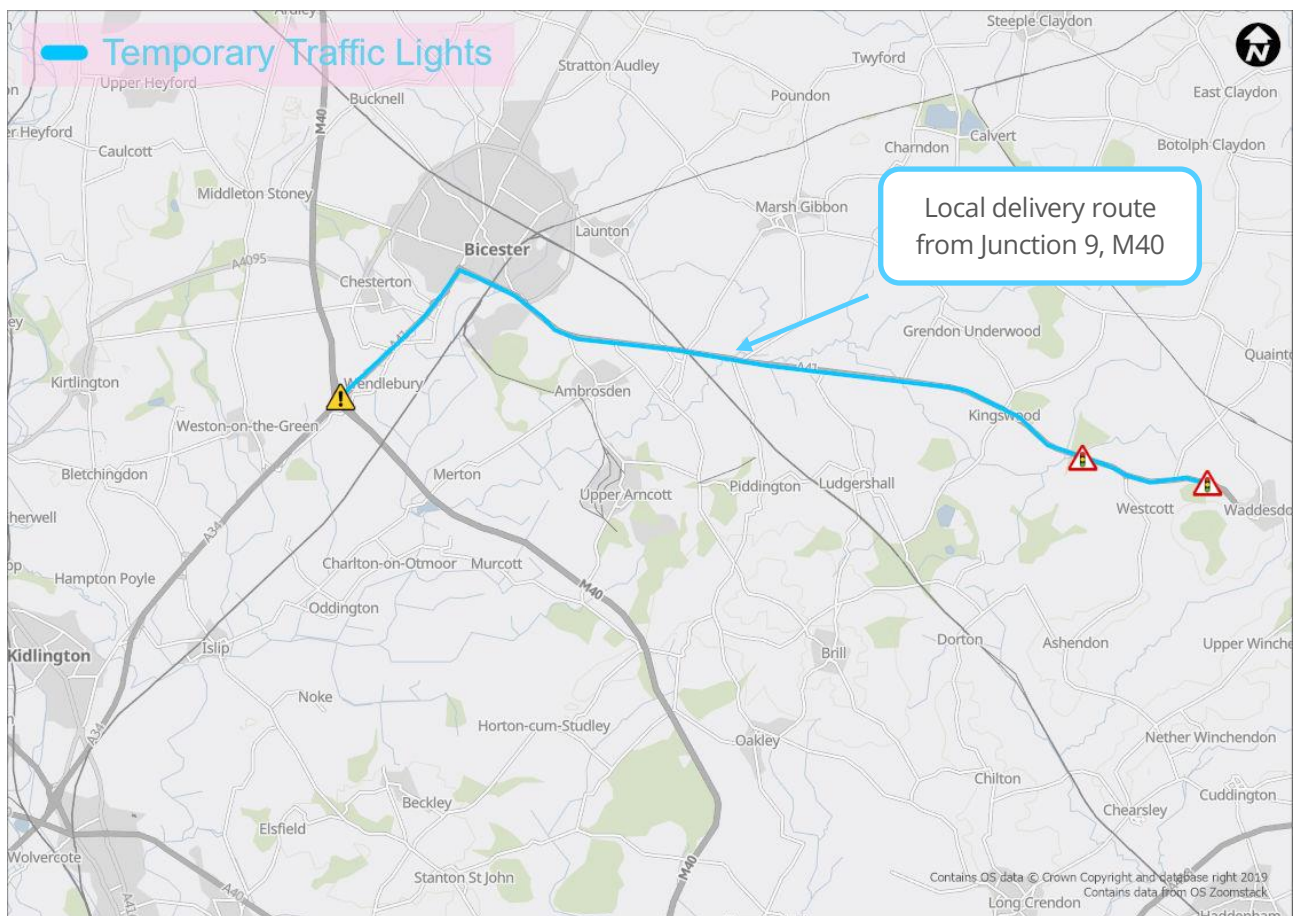

Provide updates for communities and maintain regular contact with emergency services.

Notice of abnormal load delivery trial, AA

What route will be used to deliver the precast concrete beams?

The precast concrete beams will be delivered from Ireland, via the M40, where they will exit at Junction 9 for the M40 for Bicester. They will then begin their journey on the A41 to enter into our A41 Compound

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:
www.gov.uk/government/collections/hs2-property
Find out if you're eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
www.hs2.org.uk/how-to-complain
