

Notice of extended working hours (revised dates) – Water Orton

December 2022 | www.hs2.org.uk

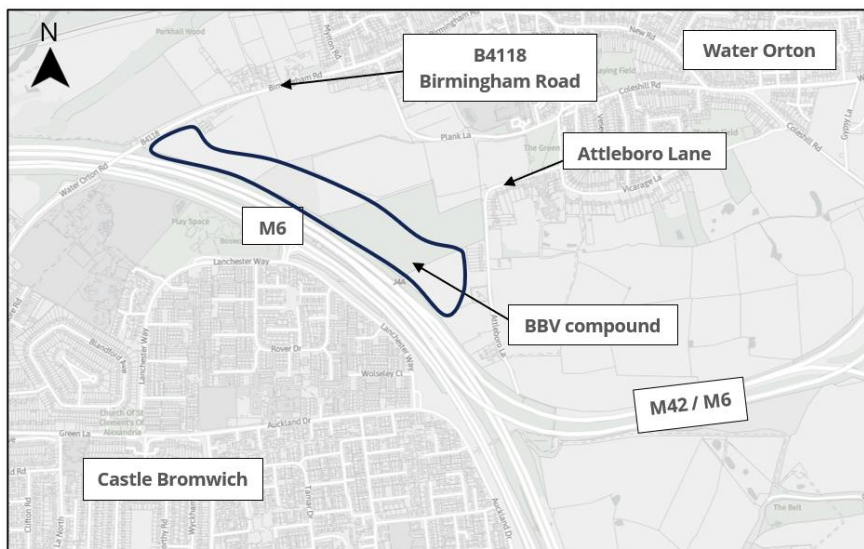

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high speed railway in your area.

Extended working hours

In October 2022 we outlined 24-hour working that would take place for the preparation of tunnelling in the Water Orton area until Christmas 2022.

In order to continue our works to prepare for tunnelling, we have consent approved to carry on working 24 hours a day, Monday to Friday. The preparatory 24-hour working will begin from Monday 9 January 2023 and continue until June 2023. As a result, there may be times where we have deliveries outside of core working hours.

In addition to this work, our 24-hour, 7 day a week working for the Water Orton cutting will continue until Summer 2023. This will include diaphragm wall and excavation works.

Duration of works

- Permission to continue to undertake 24-hour working, Monday to Friday for tunnel preparations until June 2023

What to expect

- Some deliveries outside of core working hours
- 24-hour works to continue for Water Orton Cutting construction

What we will do

- Keep hs2inwarwickshire.co.uk up-to-date with any changes
- Keep all sites safe and secure.
