

# Notice of night shift working hours at Old Oak Common

December 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## Night shift working

As part of our ongoing works at Old Oak Common Station, we are constructing a new retaining wall along part of the southern boundary of the site, next to the Great Western Mainline (GWML).

These works will take place during the months of January 2023 to April 2023. Due to the location of the works being next to the railway, some of the works will take place overnight between 7pm and 5am. The location of the night works is highlighted in yellow on the map on page 2. It is anticipated that night shift works will begin in January and will be on an ad-hoc basis during this period.

The new retaining wall will protect the current GWML tracks, when the new above ground platforms at Old Oak Common are being built. These new platforms will eventually form part of the GWML and Elizabeth Line network and are being built close to the existing track.

The retaining wall works will involve digging deep foundations (piling) to install 124 concrete kingposts and then precast concrete panels will slot into the kingposts to form a concrete retaining wall structure. Timber hoarding will then be installed along the wall to prevent train drivers from being distracted by ongoing station works.

Due to the proximity of these works to the Network Rail Assets, we will only be able to install the closest section of the wall, when the electricity to the overhead lines is deactivated during the night. To keep noise associated with these works to a minimum, quieter methods of construction have been selected, including the use of a piling machine which produces minimal noise and is virtually vibration-free.

Prior to the start of works, all workers will be briefed on the impact on the surrounding community of noise or vibration from the works, site related activities and the importance of entering and leaving site quietly.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Notification

### Duration of works

During a ten-week period between the months of January 2023 to April 2023, we will be working night shifts Monday to Friday between 7pm and 5am. We will be building a new wall along part of the southern boundary of the site adjacent the operational Great Western Mainline.

### What to expect

A small number of operatives on site during the night completing quiet works.

### What we will do

Acoustic blankets will be attached to Heras fencing to minimise noise, which will be monitored at all times.

Briefings will also be made prior to works regarding site noise management.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.  
[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:  
[www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at:
