High Speed Two (HS2) is the new high speed railway for Britain.

## Works planned from 30 November to 06 December 2022

Utilities works are continuing on Adelaide Road until January 2023. The lane and footpath currently closed outside 74 to 78 Adelaide Road will reopen in late November 2022.

From 30 November to 6 December 2022, we will be carrying out further utility works on Adelaide Road. These works will include excavating a temporary trench to install ducting to protect existing utility services under the road surface.

There will be a lane and footpath closure in place on Adelaide Road outside Modern Motors and the Medical Centre. The approximate location is shown on the map below. Walking access to Modern Motors and the Medical Centre will be maintained at all times. The dates for these works may be subject to change.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
