

## Overview of upcoming utility diversions - Duddeston Mill Road

November 2022 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

### Current utility diversions

Ahead of constructing the new HS2 structures on Duddeston Mill Road we are diverting a BT line which currently passes through our work area. To carry out this work we have excavated sections of Duddeston Mill Road under two-way temporary traffic lights and relocated the utility before then resurfacing the excavated section. These works are anticipated to be complete by Monday 21 November.

### Upcoming utility diversion works

From 21 November, there will be a further series of utility diversion works along Duddeston Mill Road with temporary traffic management:

- Monday 21 November, between 9:00pm and 6:00am, Duddeston Mill Road will be closed between Inkerman Street and Network Park to facilitate a removal of the current mesh barriers.
- Monday 21 November – Friday 2 December, we will need to put in place three-way temporary traffic lights on the junction of Duddeston Mill Road and Network Park Industrial Estate. This is to excavate a small section of road on the junction where we will then pour concrete into the hole to grout a gas pipe.
- Monday 5 December – Friday 23 December, to work on a gas pipe safely we will need to close Duddeston Mill Road between Inkerman Street and Network Park. The road closure will be in place 24 hours a day between Monday 5 December until Friday 23 December.

Pedestrian access and access to frontages within the closure will be maintained throughout.
