

Emergency Closure of the Southbound A452 Slip Road

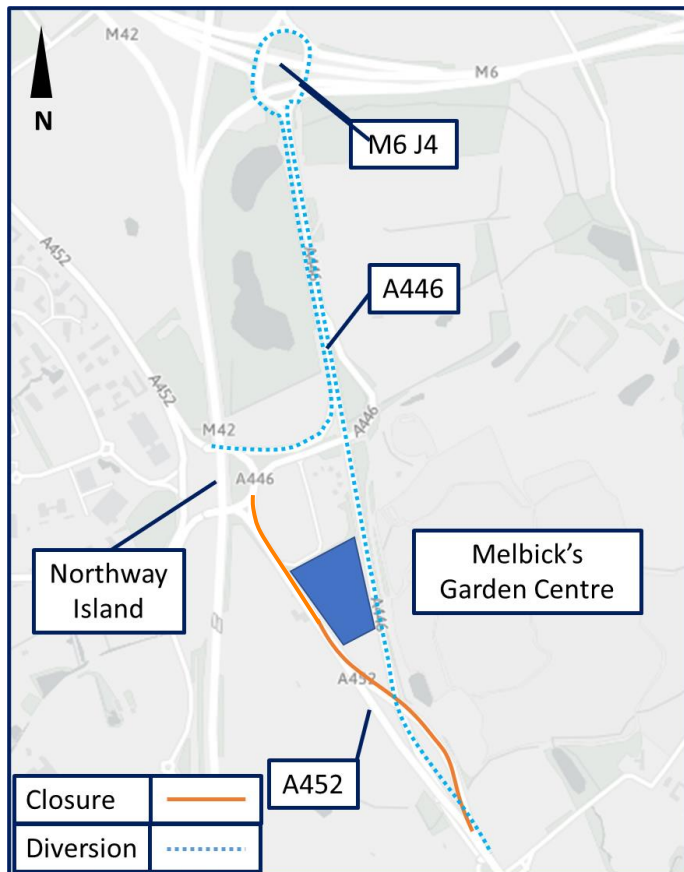

November 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area

The work we are doing

BBV are realigning the junction of the A452 and the A446 to form a new roundabout that will connect with the new interchange railway station. As a result of heavy rainfall, some of our earthworks have shifted causing a safety barrier to move. To protect road users, we will move this barrier into the centre of the road reducing it to one lane. To do this safely we will need to close the slip road for one night on Thursday 10 November at 9pm. We will reopen the road at 5am the following morning.

Location Plan

Duration of works

For one night starting at 9pm on Thursday 10 November re-opening at 5am on Friday 11 November.

What to expect

A slight delay in journey times

Low level of noise from our works between 9pm and 5am

Our workforce may be on site one hours before and after to set up and take down equipment

A fully signed diversion for Southbound A452 traffic
