

## Local Business Toolkit – Incorporating EDI values into the HS2 supply chain

### Links and additional resources

- **HS2's mission and values** - <https://www.hs2.org.uk/about-us/our-vision-mission-principles-and-values/> - If you're a supplier looking to work on the project, it would be beneficial to familiarise yourself with our mission and values. These will help you think about how you can align your practises to the kinds of business we want to work on the project.
- **HS2 Meet the Contractor (2021)** - <https://www.hs2.org.uk/supply-chain/meet-the-contractor-2021/> - HS2 holds annual 'Meet the Contractor' If you are exploring how your business could work with HS2, use the Meet the Contractor YouTube Playlist (found at the above link) to watch the webinars. Further information on future events will be posted on our website.
- **HS2's EDI Annual Report (2021 – 2022)** – <https://www.gov.uk/government/publications/hs2-ltd-equality-diversity-and-inclusion-annual-report-2021-2022> - At HS2 we are striving to raise the standards of diversity in our sector. In this annual report we detail our equality, diversity and inclusion (EDI) work, including the impact of our work across our workforce, supply chain, design and operations, and communities.
- **HS2 Supply Chain pages** - <https://www.hs2.org.uk/supply-chain/> - On these pages of our website you will find a wealth of information about opportunities, bidding for work and best practise.
- **Supply Chain Sustainability School** - <https://www.supplychainschool.co.uk/> - Do check out this free resource to upskill your business and ensure its ready to bid for opportunities as they arise. You can also work towards different certification, which can add value your tender.
