

# Notice of temporary traffic lights on Nanscawen Road, Fradley

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 to build the new high-speed railway in your area.

## The work we will be doing

We will be undertaking works at the roundabout along Nanscawen Road, next to Mare Brook. The works we will undertake includes, CCTV surveys of drainage, utility trial holes and core surveys of the existing road surface. The reason for undertaking this work is to locate utility services, confirm the condition of the road and the condition of the existing drainage.

## When the work will take place

We will complete these works from Monday 12 December to Friday 16 December. To carry out our works safely we will install 3-way traffic lights at the roundabout.

The traffic lights will be in place from 7:30am to 5:30pm each day.

Our working hours will be between 8am and 6pm.

Our workforce may be on-site up to one hour before and after to set up and secure our equipment.

These works will not affect the nearby road network. The traffic management will be installed within Nanscawen Road and BBV traffic supervisors will be present to manage the flow of traffic.

## Our working area

See map below showing the location of the temporary traffic lights.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
