November 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new railway in your area.

Utilities Surveys – A452 Chester Road

We will be carrying out utility surveys along a section of the A452 Chester Road from Monday 5 December until Wednesday 7 December. These surveys will take place over two nights and will help us to locate buried utilities before tunnelling works start next year.

To complete the surveys, we will use non-intrusive scanning devices to inspect the gas mains along the bridge

Overnight lane closures

To carry out the work safely we will need to put in place overnight lane closures along a section of A452 Chester Road. The lane closures will be in place from 9pm to 5am on both nights.

Access to businesses and properties will be maintained throughout.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
