

Notice of traffic management, Addison Road, North Calvert

December 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In the middle of December, we will be carrying out topographical surveys along a section of Addison Road. These surveys will help us finalise the design of the new railway and are expected to take two days to complete.

A topographical survey is an exercise undertaken by land surveyors using highly specialised survey equipment. These surveys provide detailed maps of land, identifying both natural and man-made features within a specified area.

To carry out these surveys safely and effectively, there will be traffic management in the form of a lane closure with two-way traffic lights. This is for reasons of safety, as our staff will be working on and around parts of the carriageway.

When will these works take place?

A section of Addison Road will have traffic management on Monday 19 December and Tuesday 20 December 2022 between 8am and 6pm.

These dates may be subject to change due to circumstances outside of our control, such as weather.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
