December 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be completing

We will be diverting additional utilities on the A429 Coventry Road between Kenilworth and Coventry. This is required in preparation for the future bridge structure and site access on the A429 at this location.

When will these works be taking place?

Monday 9 January 2023 to 24 February 2023 between **8am** and **6pm**. Temporary traffic lights will be in operation 24 hours per day on these dates.

To carry out this work safely, our contractor will require temporary traffic lights and will use vacuum excavation.

This work will be taking place outside of the BBV HS2 site on the A429 Coventry Road, Kenilworth. See map below for exact location.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
