

# Notice of next tower crane installation at Old Oak Common

January 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## Mobile crane and tower crane installation

On the weekend of 21 and 22 January 2023 we will build a fifth tower crane, known as Tower Crane 5 at Old Oak Common. Please see the map on page 3 for the approximately location. This tower crane will be built using a mobile crane which will be delivered to site on 21 January.

The mobile crane will be delivered along with four large articulated trucks. These trucks will travel along the A40 and up Victoria Road, passing the Atlas Road roundabout to Old Oak Common Lane. Due to the size of the trucks, the delivery cannot take place during normal working hours. To ensure that the delivery does not cause traffic or impact the safety of other road users, the crane will arrive on site at around 4am and be set-up between 4am and 8am.

Once the mobile crane has finished building the tower crane, it will be taken down and removed from the site. This will take place between 6pm and 10pm on 21 January.

Operatives installing the crane will use hand signals to communicate and the only sound should be the crane's engine as it goes up. This is not expected to cause a disruption.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Duration of works

Mobile crane: delivery and assembly on 21 January from 4am until 8am. The mobile crane will be removed from site on 22 January from 6pm to 10pm.

Tower crane: installation on 21 to January from 8am – 6pm. Operation from 23 January onwards during normal working hours Monday - Friday 8am - 6pm and Saturday 8am – 1pm.

## What to expect

Arrival and removal of mobile crane outside of standard working hours. Construction and operation of tower crane during normal working hours.

## What we will do

We will use hand signals when installing the crane to minimise any impact on our site neighbours.

Notification

## Tower Crane Installation

Tower Crane 5' will be installed on the 21 to the 22 of January from 8am – 6pm. It will work during normal working hours from 23 January onwards.

There is a possibility that bad weather conditions or programme changes could impact the tower crane installation date. If this happens, installation will take place later in the week and we will provide an update on the HS2 website.

The crane will be installed so that it does not overlook the public highway or any homes. During the assembly of the tower crane, operatives might be visible walking on the jib of the crane. Please do not be alarmed, this is a normal part of the installation.

All works for the tower crane installation will be carried out from within the site boundary.

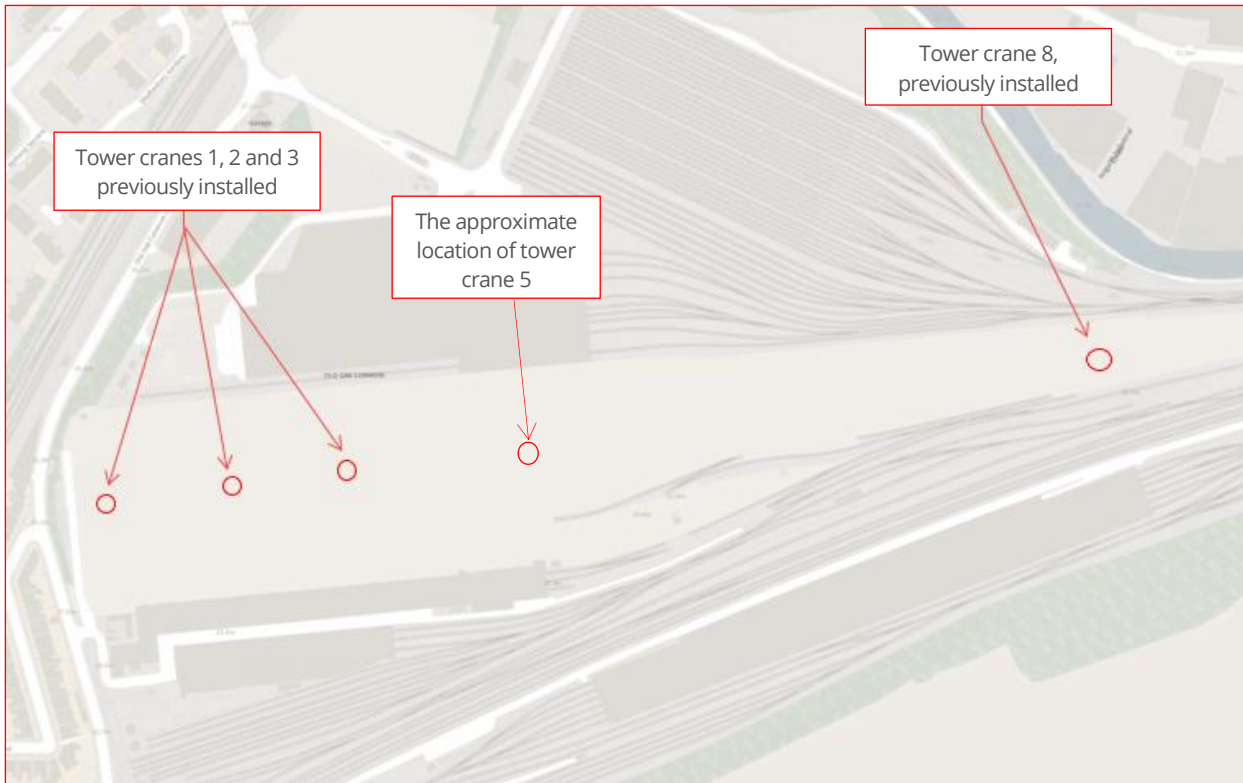

The tower crane works are expected to be completed in 2026. This work will cause minimal noise, and we do not expect this to be disruptive for the local community.

## How will we reduce disruption to the local community?

We are aware that on previous occasions local residents have been disrupted by early morning deliveries and we want to do everything in our power to ensure that this delivery does not disturb our neighbours. We have taken your concerns onboard and will be implementing the following measures to minimise the impact of this work:

- The mobile crane will be arriving on four articulated trucks. The drivers are aware of the community, and they have been briefed to not make any noise including sounding horns, banging truck doors, talking loudly, or leaving engines idling.
- The suppliers, both on site and involved with the delivery process, will be briefed a day before the delivery to remind them that silence is essential.
- The security personnel and traffic marshals will be briefed to ensure that the vehicles are given swift and silent access to the site.
- Upon arrival, the delivery vehicles will be directed away from the site entrance and to a point that is as far away from residents as possible.
- During out of hours work, the operatives working to set up the mobile crane will communicate using hand gestures.
- The only sound that is anticipated is the sound of the crane's engine as it is erected. This is not expected to cause any disruption.

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.  
[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:  
[www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at:  
[residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:  
[complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)

## Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:  
[www.gov.uk/government/collections/hs2-property](http://www.gov.uk/government/collections/hs2-property)  
Find out if you're eligible for compensation at:  
[www.gov.uk/claim-compensation-if-affected-by-hs2](http://www.gov.uk/claim-compensation-if-affected-by-hs2)

## Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:  
[www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

## Contact us

Contact our HS2 Helpdesk team all day, every day of the year on:
