

## Updated notice of overnight closures on the M42 motorway between junctions 9 to 10

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

### The work we will be doing

You have previously been informed of overnight carriageway closures on the M42 motorway. Due to unforeseen circumstances, we require additional overnight closures of the M42 motorway to complete essential works on the safety barrier. Details of which are below.

We will be completing works to replace additional sections of the safety barrier on the M42 motorway between junctions 9 to 10. To undertake our works safely, we will work with National Highways to close the:

#### M42 northbound carriageway overnight on:

- Sunday 11 December 2022
- Thursday 15 December 2022
- Friday 16 December 2022
- Saturday 17 December 2022

#### M42 southbound carriageway overnight on:

- Sunday 18 December 2022
- Monday 19 December 2022
- Tuesday 20 December 2022

We will install traffic management from 9pm to 5am each night.

A signed diversion will be in place for each overnight closure (see map on page 2).

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
