Notice of lane closure, Nash Lee Road and Risborough Road

January 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

To reduce the number of HGVs delivering to our site at Nash Lee Road we need to establish a water connection to reduce our need for water tanker deliveries.

Our utilities subcontractor, Clancy, will be connecting a spur to an existing water main on Nash Lee Road that will supply water to the compound. To complete the work, we require a lane closure and temporary traffic lights to be introduced for three days in February.

The work will involve excavating a trench for a connecting pipe to be installed into the ground adjacent to the compound. We will maintain access at all times to the residents living nearby to these works.

On Risborough Road, we will also be carrying out hedge maintenance along the entrance to Stoke House.

As these works will take place in close proximity to the road, there will be a sterile lane in place for the safety of road users and our workforce.

When will these works take place?

The Risborough Road Lane closure will take place on Monday 30 January from 09:00 – 15:00.

The Nash Lee Road lane closure will take place from Wednesday 1 – Saturday 4 February, traffic management will be in place 24 hours a day throughout these works.

These dates are subject to change due to circumstances beyond our control. Should we finish the works early, the lane closures will be removed.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
