

# Notice of overnight road closure, A421, Fimmere

January 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more. All sites will remain under constant review. You can sign up for regular updates in your local area at [www.hs2inbucksandbox.co.uk](http://www.hs2inbucksandbox.co.uk).

## What are we doing?

Throughout the Autumn we have been carrying out preparatory works for the main construction of the A421 realignment and permanent bridge. This new bridge will carry traffic over the HS2 railway and along the newly aligned A421 road.

In early 2023, we will carry out piling to create the underground foundations of the bridge. In order to carry out these works safely, we will be installing some temporary concrete barriers along a section of the A421. These barriers will protect our staff as they prepare foundation works for the new bridge in the verges.

In order to install the barriers, we will need to close this section of the A421 for one night with a diversion in place.

## When will these works take place?

The A421 will be closed overnight from 8pm to 6am beginning Monday 30 January 2023 for one night.

As a contingency, should there be delays to our works, the overnight closure of the A421 will be rescheduled to take place at the end of February 2023, we will update communities accordingly.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**
