

Notice of Public Rights of Way diversions, Mixbury

January 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic. You can sign up for regular updates in your local area at www.hs2inbucksandbox.co.uk.

What are we doing?

In preparation for the main cutting excavation, we will be closing and diverting some Public Rights of Way (PRoW) near Mixbury.

We will soon begin excavating and moving earth with large plant and machinery in preparation for the construction of the cutting from Barton Hartshorn to Mixbury. Cuttings are used as part of railway construction to reduce noise, reduce visual impact and to keep the track level.

The following bridleways cross the route of the HS2 rail network:

- 303/7
- 303/8

For the safety of pedestrians and our staff, we must fully close and divert sections of the above bridleways where they cross the route of HS2.

There may also be changes to additional PRoWs in the local area, once further details can be confirmed we will update communities.

When will these works take place?

Sections of the bridleways known as 303/7 and 303/8 will be fully closed and diverted, 24 hours a day, from Monday 30 January 2023. Signage on the bridleways will indicate the closure and diversion.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
