

## Notice of utilities diversion works on Byng Place and Torrington Place

High Speed Two (HS2) is the new high speed railway for Britain. Mace Dragados is the Construction Partner building the new HS2 station in Euston.

### Utilities diversion and duct installation works will take place during January and February in Byng Place and Torrington Place.

As part of HS2 works, new routes for utilities need to be created ahead of the removal of old services. From 16 January to 5 February new utilities ducts and access chambers will be constructed in Byng Place and Torrington Place as indicated on the map below.

The road will be closed to vehicles with traffic being diverted. Cycle access will remain open.

The work area will be surrounded by temporary fencing and have traffic management measures in place. We will minimise noise using acoustic blankets on fencing surrounding the works when we are breaking out the road surface.

Subsequent phases of works will take place on Gower Street, Upper Woburn Place and Euston Road. The dates for these works are still to be agreed. We will issue a notification when these dates have been confirmed.

#### Working hours:

- January 2023 to February 2023
- Monday – Friday: 8am to 6pm

#### What we will do:

- Suspend parking bays and loading bays during works
- Have temporary signage and traffic signals
