

Update on Old Oak Common conventional station works

HS2-OOC - SCP-26-1734

Location

In the south of Old Oak Common Station site.
See map on page 2.

Duration

Ongoing until February 2027

What we are doing

Constructing the structures and platforms that will connect Old Oak Common Station to the Great Western Mainline and the adjoining Station Control Area building.

What to expect

Building concrete structures and drainage channels. There will be occasional abnormal deliveries early mornings before 8am for machinery needed on site.

We will monitor and mitigate noise and dust coming from the concrete works.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

The conventional station includes eight new platforms above ground that will connect the HS2 station to the Great Western Main Line, the Elizabeth Line services and an adjoining Station Control Area building

Works putting up concrete structures and installing drainage for the new conventional station and the adjoining Station Control Area will continue into 2026 to complete platforms three to eight and the associated building.

The eight platforms will be constructed in a phased approach, with platforms three to eight initially built using in-situ and precast concrete elements. These works are expected to be completed early 2027 after which, the main elements of the station roof will start being built and Network Rail will divert the existing live railway through the newly constructed platforms over a future Christmas possession period. After these works are completed, platforms one and two and the final section of the roof structure will then follow.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
