

Notice of utility diversion works near Tolldish Lane, Great Haywood

February 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. To allow for the construction of the new railway and to continue to ensure a safe and reliable gas supply, Cadent is moving an underground gas pipeline near Tolldish Lane, Great Haywood.

Surveys were completed in 2021 and 2022, which provided an understanding of the underground conditions so that Cadent can move the gas pipeline safely.

Cadent will be starting on-site preparations to move the gas pipeline in late February 2023. We expect all Cadent work to be completed by October 2023.

What are we doing?

Cadent will be using the existing HS2 works compound and site access off Tolldish lane to carry out the diversion. Cadent will be starting preparation activities on land off Tolldish Lane in **late February 2023**.

This will involve securing the working area with fencing and carrying out the removal of some vegetation and trees. Cadent will carry out appropriate ecological surveys before any vegetation clearance with an ecologist present throughout the activity to ensure there is no disruption to birds and local wildlife.

Cadent will then begin work to move the pipeline in **March 2023**.

The work will involve:

- Digging a trench for the new pipeline off Common Lane
- Welding the pipe together then installing it in the trench
- Connecting and testing the new pipe

Vehicles will be accessing our working area from Tolldish Lane, via the A51. Signage will be installed on the roadside at the site entrance, to ensure safe access and exit for vehicles.

How will this affect you?

Standard construction vehicles and equipment will be used, and all work will take place inside usual working hours. You may notice some people and equipment on site while the work is carried out.

There will not be any disruption to your utilities during the works.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
