What we are doing

We wrote to you recently to advise you that we would be carrying out works along Breakspear Road South, north and south of the Network Rail bridge from 27 to 30 January 2023. However, we need to reschedule these works and they will now take place overnight from 15 to 20 March 2023.

These works will include the following activities:

- concrete pour for the deck of the new bridge over Breakspear Road South;
- utility investigation works between the HS2 bridge and the Network Rail bridge;
- installation of the conveyor bridge (for the removal of tunnel excavation arisings from West Ruislip Portal to the Southern Sustainable Placement Area). These works are dependent on weather conditions and we will therefore need to work 25 and 26 March to complete the installation; and
- installation of road line markings and highways signage onto the masonry of the Network Rail bridge.

During the road closure access will be maintained for residents and emergency services.

The location of the closure and the diversion route is shown on the next page.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
