What we are doing

From 11 April to 10 May 2023, we will be carrying out the main sewer protection works on Oldfield Lane North. This work will be carried out over night between 7pm and 7am. The main sewer protection works consist of relining the foul and surface sewer network and replacing maintenance covers. Work will take place in four phases:

Phase 1

11 and 12 April - Compound set up on Uneeda Drive during core hours 8am to 6pm.

13 to 17 April – Install pipe lining, opposite Greenford Station 7pm to 7am. Road closed from Station, under bridge to Rockware Avenue.

Phase 2

20 to 24 April - Install pipe lining under bridge between Greenford Station and Rockware Avenue 7pm to 7am

Phase 3

27 to 30 April - Install pipe lining from Bridge past Rockware Avenue 7pm to 7am

Phase 4

4 to 7 May April - Install pipe lining from Bridge past Rockware Avenue 7pm to 7am

9 and 10 May - Demobilisation of compound on Uneeda Drive during core hours 8am to 6pm.

How these works will affect you

We will be using water tankers during the works, should we need to flush the sewer system. However, your utility services will not be affected.

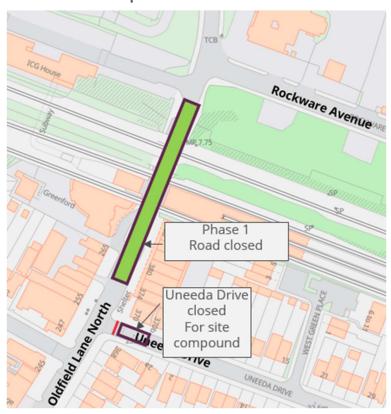

We will set up a site compound at the junction of Uneeda Drive with Oldfield Lane North on Tuesday 11 April from 8am to 6pm. Due to the location of our site welfare, we will close the road at Uneeda Drive on the junction off Oldfield Lane North for the duration of the works. There will be a clearly signed diversion route via Greenford Road, Ingham Drive and Oldfield Lane North.

Temporary traffic management, parking bay suspensions and a road closures will be in place to ensure the works can be carried out safely. Oldfield Lane North will be closed from Rockware Avenue, to just north of the Railway Hotel during the night of the works. Traffic will be diverted via Greenford Road and Berkley Avenue.

We would like to apologise in advance for the disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.
