

# Notice of installation of traffic cameras Sheridan Terrace

High Speed Two (HS2) is the new high speed railway for Britain.

## Works planned

On 20 - 24 March 2023, we will be installing traffic management cameras on Whitton Avenue West / Petts Hill Roundabout. The cameras will be installed onto existing lamp columns via a mobile platform from either a bus lane, cycle lane, pedestrian footway, or parking bay (location dependent).

The cameras will ensure we keep the number of lorry movements within the levels agreed with the local authority. The system has been developed to monitor only those vehicles being used for HS2, and no information relating to other road users will be captured. The cameras will be in place for the duration of the HS2 works.

## How this might affect you

We will have a temporary lane closure, footpath closure and traffic management in place whilst the cameras are installed.

We will be working as efficiently as possible whilst keeping our work areas safe and tidy.

You can view a map showing the location of these works below. Please note the dates for the surveys may change. You can view our latest works updates at <https://www.hs2.org.uk/in-your-area/map/>
