Notice of overnight closure of a section of the A452 Northbound, the B4438 and NEC Longabout and Northway Island, 19 March 2023

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are being carried out by a joint venture between Laing O'Rourke and J. Murphy & Sons, known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

We're improving the local road network

Since 2017, we have been remodelling and improving sections of the existing road network in the area and creating new routes on HS2 land. These road improvements will ensure that when the future station is operational, the local road network is fit for purpose. Upon completion, a new T-junction will replace Northway Island. A new longabout is already in operation outside the Holiday Inn Express NEC, on the way to the National Exhibition Centre (NEC).

To complete this stage of these works, we need to revise some of the road markings on the B4438 longabout. This will require a full overnight closure of a number of the roads leading to the longabout, and the longabout itself.

We'll be installing a temporary overnight closure on 19 March 2023

We will install temporary, overnight closure of a section of the A452 Northbound, the B4438 between Northway Island and the longabout, the longabout itself and a part of Northway Island from 10pm on 19 March to 6am on 20 March (see map on page 2).

A fully signed diversion will be in place for the duration of the closure, and you will still be able to access all local businesses in the area.

This schedule is subject to change dependant on obtaining the relevant consents and approvals, and site and weather conditions

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
