

# Updated notice of traffic management on A4091 and Bodymoor Heath Lane

April 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## The work we will do

We are carrying out works to create a safe access into our compound, at Middleton House Farm, off the A4091. To complete this access, we will need to work along a section of the A4091 carriageway.

Following the previous communication, we have revised the dates which we will undertake work on Bodymoor Heath Lane to install traffic signage for our site access.

To ensure we can complete these works safely we will install temporary traffic management at these locations.

## When the work will take place

To complete these works safely we will require the following traffic management:

### A4091

Single lane closure with temporary three-way traffic lights (24 hours a day) on the A4091 and the access into our compound at Middleton House Farm on:

- **Tuesday 11 April to Sunday 16 April 2023.**

We will also close the layby at this location, on the A4091, over this period.

### Bodymoor Heath Lane

Single lane closure on Bodymoor Heath Lane with temporary two-way lights between 9.30am to 3.30pm on:

- **Monday 24 April to Tuesday 25 April 2023.**

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Duration of works

Temporary traffic management between 11 April and 25 April 2023.

Our working hours will be 8am to 6pm (Monday-Friday) and 8am to 1pm (Saturday - Sunday).

Our workforce can be on-site one hour before and after to set up and secure our equipment.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
