What we are doing

We wrote to you in October to let you know about our plans to carry out the main sewer protection works on Station Approach and Long Drive. These works have been completed and we are now due to divert the watermain **from 15 April to 14 May 2023**. These works are to redirect the water main and will happen seven days a week from 8am to 6pm, to minimise disruption on the road.

Phase 1: Footpath closure will be in place between the entrance to Long Drive Car Park and the corner of Sainsbury's from **15 April to 22 April 2023**. Pedestrian access will remain open into Sainsbury's from Long Drive.

Phase 2: Single lane traffic management will be in place on Station Approach from **22 April to 14 May 2023**.

We will set up a site compound at the junction of Station Approach with Great Central Avenue on Saturday 15 April from 8am to 6pm. Due to the location of our site welfare, we will close the road at the junction of Great Central Avenue with Station Approach, for the duration of the works.

There will be a clearly signed diversion route via Bourne Avenue and Primrose Gardens to enable access to Great Central Avenue.

How these works might affect you

During the connection of the new water main there will be a short disconnection of your water supply. This will be for no longer than an hour. If this affects you, you will be notified about this nearer the time.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

How these works might affect you... continued

Temporary traffic lights with a single lane closure will be required. The traffic management configuration will be from outside South Ruislip Station to the Savera Hotel.

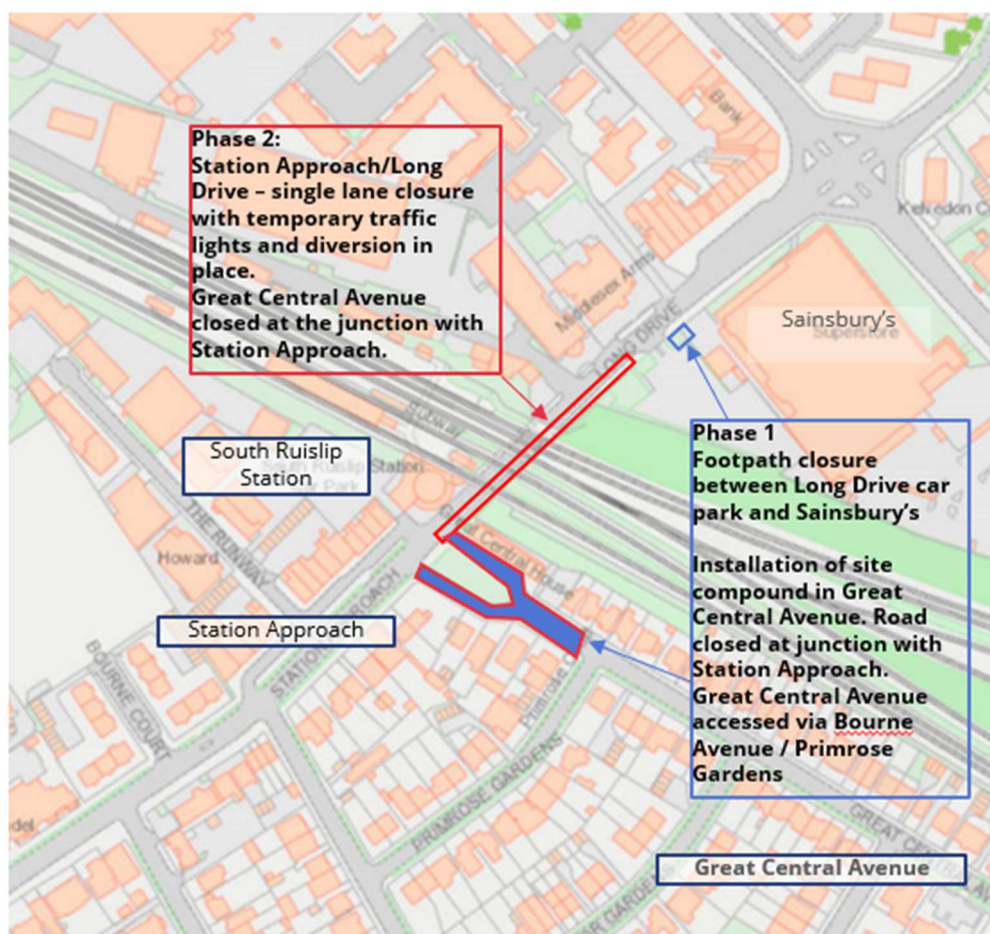

No motor vehicles will be able to travel south bound on Long Lane between Long Drive and Victoria Road to reduce congestion across the traffic lights on Victoria Road. A diversion will be in place north bound up the Fairway, south down Angus Drive onto Victoria Road.

We would like to apologise in advance for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.
