

Notice of utility diversions on Tameside Drive

April 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty Vinci (BBV) is working on behalf of HS2 Ltd to build the new high speed railway in your area.

What we are doing

In order to construct the railway we need to carry out a programme of utility diversions. Initially, these will take place on **Tameside Drive** from Thursday 27 April for approximately four weeks. Following this, there will be utility diversions on the A452 Chester Road, however, we will notify you of these works nearer the time.

To carry out the utility diversions safely, we need to manage traffic and pedestrians in the area. We'll carry out the utility diversions in phases, rather than all at once, to keep disruption to a minimum.

Tameside Drive: Phase 1

During this phase of work, there will be **temporary traffic signals** in place and operatives on site throughout to ensure safe access is maintained at all times (please see the map on page 2 for the location of the works).

These works will take place between the hours of 8am and 6pm from Monday to Saturday.

Tameside Drive: Phase 2

During this phase of work, there will be **temporary traffic signals** in place and operatives on site throughout to ensure safe access is maintained at all times (please see the map on page 2 for the location of the works).

These works will take place between the hours of 8pm and 6am from Monday to Friday.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
