

Temporary traffic lights on B485 Chesham Road, Buckinghamshire.

April 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. This is a notification to inform you of works requiring temporary traffic lights on Chesham Road, B485, Buckinghamshire.

What are we doing?

We previously wrote to you in March informing you of the planned electrical connection works at our Chesham Road site. This will provide power to the HS2 railway in the Chiltern tunnel when it becomes operational. During those works, an overhead cable was struck, which meant the contractor UK Power Networks (UKPN) had to stop works.

How will this affect you?

The works have now been rescheduled. There will be a single lane closure and two-way traffic lights will be in place 24/7 on Chesham Road, B485, near the junction with Hyde Lane:

- From Monday 15 to Friday 19 May 2023

For safety reasons the traffic management set up will remain in place throughout this time, including outside working hours, as the connection is deep underground. Traffic management will operate and control traffic flows to ensure that operatives can work safely in the carriageway.

Has this closure been approved?

UK Power Networks have obtained consent from the local consenting authority, Buckinghamshire Council, to carry out these works. A permit has been granted. Additional information for residents living close to the works will be provided by UK Power Networks closer to the date of works.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk
